Veronica-Victoria Obukhova

*"It took me four years to paint like Raphael,
but a lifetime to paint like a child"*
Pablo Picasso

Veronica-Victoria is two years old child from Saint-Petersburg, Russia.

At this period, she likes painting people everywhere: on walls, on a floor, on furniture and a paper of course. She uses different pencils in her artwork. And her sketches are getting colourful every day.

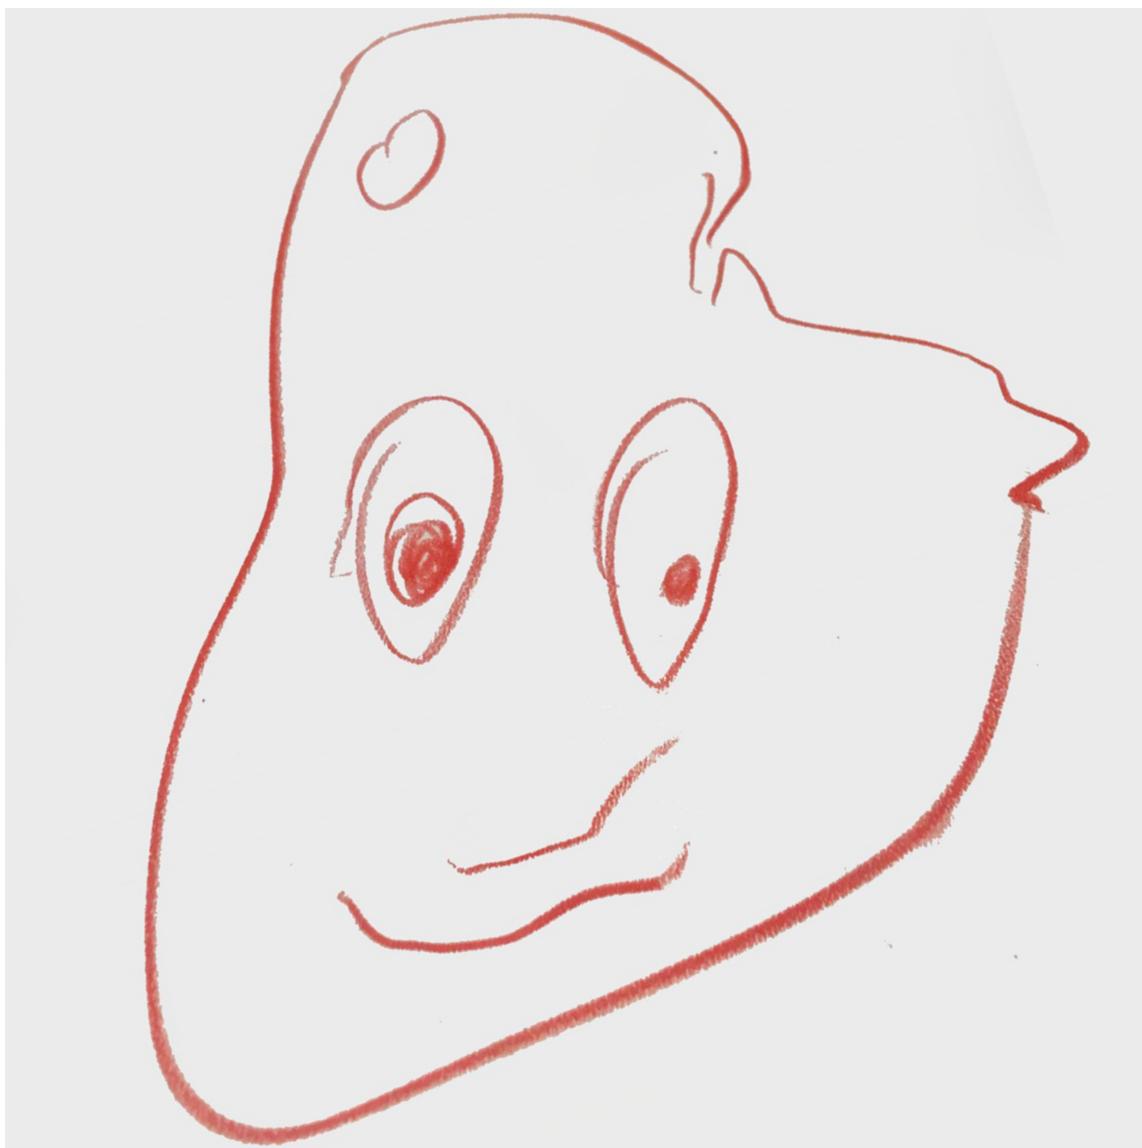

For now, Veronica has about 50 sketches in the portfolio. People at portraits are very different as in real life.

This collection is fascinating because the child is growing and her painting style is changing.
